# LEAD SET 8mm V8 90deg/STR(multi) BLUE HELI-CORE

\$139.00

MSD's 8mm Heli-core universal V8 blue ignition lead sets have a solid conductor that is wound around a glass inner core this gives them the low resistance and maximum voltage capacity of solid-core wire with the radio frequency (RF) reduction qualities of spiral-wound leads. Underneath the high-temperature multi-angle plug boots dual crimp stainless steel terminals feature snap-locks to ensure a secure fit.
