### **DIFF GEAR SET Q/C 10spl 40 7.93 w/4.86r&p**

\$128.00

Winter's 10 spline Quick change Diff gears are CNC Machined for accuracy and are made from 8620 Heat Treated Steel. For use with Winters Sprint & Pro Eliminator Speedway engineering and DMI rears. Note - Install gears with the shoulder facing out towards the gear cover and remember to refill the gear cover afterwards. Install the larger gear at the bottom for the low ratio.
